

Memo

To: General Public
From: James Keo, Jr., Roads Director
CC: Ralph Simon, CEO
Date: October 13, 2011
Re: 130th (a) Road Project Update

We are nearly 2 weeks from the completion of the 130th (a) Road Project. The construction company will be laying asphalt on the approaches of road intersections and driveways that are located along 130th Road this week.

The 2 mile stretch of 130th Road from Goldfinch to Falcon Road is now open to local traffic.

Please use caution while using this road as the construction company will still be out there working.

Thank you!
